# **LEARN & LIVE**

## **Reducing Risks of Common Grain Handling Hazards**

Join presenter Tom Bielema as he identifies ways to reduce risks associated with the main hazards found in the grain environment including entanglements, electrical, struck-by, and bin entry hazards. Explore practical solutions for common work tasks such as working with energized sweep augers, electrical safety, lifeline use and practical bin entry procedures. Tom is the former OSHA Area Director in Peoria, IL. Currently, he is the Regional Director for Safety Controls Technology and serves as the GHSC Board of Directors VP.
